

# VEGAN FINANCE WEBINAR II

"From a Boosting Vegan Market to Animal-Free Finance"

June 24, 2022

9:30 am to 13:30 pm (Paris time)

We are witnessing an impressive growth in the global vegan market. It expects even stronger growth in the years to come. It should not be forgotten that this vegan wave must support animal welfare, counter climate change, and contribute to the preservation of the environment. From a financial point of view, it is important to question the specificities of vegan business, and the range of financing solutions. Finally, and more than all, what are the reasons for the attraction of investors to vegan businesses and what are the expected returns on animal-free investments?
